Cameo says:*Always a favorite among movie critics & after watching it I can see why. This movie changed the way movies were made & stories were told & it's definitely earned it's status as a classic that gets referenced even still today. The journey of one young, idealistic, rich boy as he ages into a cynical, old man that had all the money & power he could have ever wanted but he still dies alone & miserable.*

Excellent Great Good OK Irritating ICK!
