

Death to Smoochy

A kids show host, Rainbow Randolph, is fired in disgrace while his replacement, Sheldon Mopes, aka Smoochy the Rhino, finds himself a rising star. Unfortunately for Sheldon, the business of kids television isn't all child's play. (R UK, Germany, USA)

Awards: 2 nominations.

Cameo says: *Such a great satire w/ topics that are still relevant today. The first part is super funny but it does get darker as it goes along. I could relate a lot to Sheldon & I loved that they illustrated him having a break down by showing him eating a hamburger, that part always makes me laugh.*
